After nearly four years with Jeff, everything fell apart. I found myself single, scared, but somehow liberated as well. Rather than stumble into another ill advised relationship, my best friend Sally helped me find focus. I would spend the next few months "finding myself" sexually. That's how The Rebound List was born. The list is but a distant memory. If I'm going to give Alex and me a good chance at making it work, I'd better focus on him and only him. They say honesty is the basis of every good relationship, but if I come clean about what I've been up to, I'm certain he'll freak out. I'm going to follow Sally's advice for a change and keep quiet. How hard can that be... What (or whom) would you do to celebrate your freedom after your first serious relationship breaks down? The Rebound List is a series of short erotic stories exploring exactly this question.
