Poetry. In her debut collection Julie Doxsee's finely wrought lyric poems create a world operating according to the rules of dream-logic. Both exquisite and unsettling, her poems twist the reader with every line break and surprise of language. "Spare, bright, and sharp these poems spark, tossing up unexpected words, making strange connections, inventing vocabulary, and in general, cracking open the natural world and letting us watch it tick. Intimate and worldly at the same time, Julie Doxsee is a surprising and deeply gifted poet, and this, her first book, glows in the dark"--Cole Swensen.
