Everyone makes mistakes! Carole Hanson is back at Pine Hollow full-time, so she can spend as many hours as she wants with the horses she loves. And that's perfect, because it's a great way to mend a broken heart. Who knew Cam would turn out to be a total rat? Carole sure didn't. For now, she's sticking with horses. While she may not be able to change the past, Carole's determined not to make the same mistake again.
