The Horse Diary is a complete horse record organizer containing 128 pages of fill-in-the-blank forms. It is designed to help horse owners organize and manage important equine information. Keep track of daily rations, blanketing schemes, hoof trimming, dental care, First-Aid kit and emergency plans. All of your records for vaccinations, deworming and general health control will be in one place. Detailed charts provide handy reference for body condition scores and important measurements that make it easy to monitor growth, development and health throughout your horse's life. Using the checklists for monthly routines and yearly plans will keep your entire facility and program running smoothly and safely. A on diary and pages for extra notes help you tailor your training and management...All this and much more in one concise portable book. Prominent horse-owners trust our Horse Diary and their horses are in perfect condition. Nevzorov Haute Ecole knows better how to treat horses.
