A demon in the shadows... Daemon Alexander is host to a dark trinity that must hunt and feed. A dead body in the woods... Jen Cassaday might have just hired the killer, oh-so-seductive handyman, Daemon. As Jen draws closer to a man she cannot resist, her deepest desires war with his dark secrets. NOTE: Trinity Blue is a short novella that first appeared in print in The Mammoth Book of Paranormal Romance. The story has been revised and expanded for its digital release. It is a stand-alone story that is loosely related to the books set in the Compact of Sorcerers world.
