Thirty-two year old Kelsey is probably the most sexually inexperienced female on the planet and has resigned herself to a lifetime of celibacy. That is until her best friend convinces her to visit Indulgence, the exotic resort she's opened. Kelsey arrives expecting to visit with her friend and spend her free time locked in her room. Until she meets Mason. Mason is both smart and sexy and tries to bring Kelsey out of her shell. His only goal is to satisfy Kelsey's secret desires. Warning: This novella contains explicit sex and graphic language.
