Volume 1 in the Mage Anthology New Adult Menage □ Leven has been away from South Florida for four years. When her family calls her back home during college break, she decides to earn extra cash while working at the family resort. When the only two men Leven ever loved decide to pick up where they left off, Leven imagines a summer affair for the three. Little does she know, they're Florida Panthers, and they never, ever walk away from their claimed mate. Unfortunately for Nick and Geir, they're not the only creatures intending on claiming Leven. MFM This is an anthology that unfolds over multiple volumes
