Mary Jane Barnaby is a small town girl who has it all, or so it seems. Mother of three healthy happy children, brains, and good looks. The only thing lacking is a strong marriage. Though she graciously rose to the occasion of becoming a mother, it happened by mistake, leading to her marriage to Zander Barnaby. Though he is handsome, often kind and funny, and a decent father, Zander falls sorely short in the department of providing for his family and sobriety. Six years of marriage has proven tumultuous at best, but Mary Jane stays the course. The reemergence of Mary Jane's "one who got away," Police Sergeant Dominique Flame certainly doesn't help her difficult situation. However, as a devoted wife, Dominique's presence is of little consequence to Mary Jane... Until her husband Zander dies in a grievous accident. Even in the wake of the unexpected and terrible tragedy, Mary Jane feels she might have a chance at genuine happiness; completion. Except that she fails to realize that ex's are usually ex's for a reason. Sometimes it's a dark and terrifying reason. She loves him. She craves him. He is her obsession. But obsession sometimes leads to madness. *** Included after this novella are the introduction and first three chapters of Mary Contrary: Volume One of the Nursery Rhyme Chronicles, M Jet's psychological thriller series. Insanity, crime, witches, ghosts, and demons all in one heart stopping series *** ** Dangerous Authority includes some profanity and sexually graphic love scenes. Intended for audiences 18+ ***
