A cursed lineage. A secret magic. A destiny that neither one of them could have predicted. When Elkliss Keep is rampaged by her sinister Uncle Simeon, Lysandra lost everything she had ever known or loved within a heartbeat. Destiny catapults her into a life she could never have foreseen; a life filled with an unquenchable desire for a man, whose aloof people harbor a secret almost as dangerous as her own. When Aiden first sets eyes on Lysandra, the beast inside will not be fulfilled until he possesses her. He soon he realizes that Lysandra could be the one true mate that would make his cursed life easier to live.
