On March 27, 2006, author, Darrin Charles Wilson, posted the first episode of a series about the afterlife online called Wraiths & Worlds. The story quietly gathered fans one at a time. By January 2010, Wraiths & Worlds had acquired a loyal following in over 80 countries worldwide. It begins with 23-year-old law student Grace Tiffen. The last thing she remembers is careening off the road and smashing through the guardrail somewhere on a scenic highway in the heights of the Rocky mountains. The next thing she remembers is waking up naked, alone, and surrounded by a blinding snow storm. She is dead. And this is the afterlife. But everyone is missing, including her adored father, and any sign of God or higher power. At the same time, Graces psychic aunt, Abigail Moon, has been abducted by a man obsessed with the occult. He forces her to guide him on a quest to find God. In a moment of peril, Abigail reaches out to her beloved niece... and Grace answers back. Unknown to all of them, the delicate balance of life and death is shifting, and human existence will reach a stunning turning point. Now, history will have to be rewritten. Filled with memorable characters, and full of mystery and suspense, Wraiths & Worlds is a gripping tale of loss and redemption, of courage and fear.
