"The ticking clock intrigue of Angels and Demons and the fast-paced thrills of A Clear and Present Danger." Special Agent Devrin Crosby is consumed by his past addictions, and one lethal mistake. Reduced to pushing papers, he is on the verge of leaving the FBI when the President's assassination on live television pulls him back. Everyone saw who did it, and all the evidence points to a hate crime, but Crosby uncovers a far more sinister plot, a conspiracy involving a secret Government agency, a nuclear Trojan Horse and amateur thieves. Crosby and his partners are thrown into a race to find the assassins and save our country from not only the thieves, but also government thugs who are bent on protecting their ultimate anti-terrorist weapon. In order to save thousands of lives, he will have to unravel their secrets or risk losing everyone he loves. The clock is ticking, no one is listening.
