Named as a Christian Science Monitor Best Book of 2002, Ethical Ambition is now available in paperback. As one of America's most influential law professors, Derrick Bell has spent a lifetime helping students struggling to maintain a sense of integrity in the face of an overwhelming pressure to succeed at any price. The result of a meditation on Bell's own achievements, Ethical Ambition is a deeply affecting, uplifting, and thoughtful work that not only challenges us to face some of the most difficult questions that life presents, but also dares to offer solutions.
