Fighter is an Enforcer for the Devil's Wind MC. His job is to take care of the prospects, make sure things run smoothly and kick some ass if it doesn't. His life consists of his club, his bike, his brothers, and more than his fair share of pussy. The last thing he needs is his little sister and her best friend showing up at the clubhouse, ragged, beaten and looking to him to sort out their mess. Tish and Jiji have been best friends since the day they met. When fate steps in and forces them to run for their lives, the safest place possible is with Jiji's brother, Fighter. Fighter doesn't do relationships but his sister's best friend is no longer the little girl he once knew. She's all grown up and has him wanting to stake his claim. Tish has risked her life to save Jiji and now Fighter must return the favor. When their two worlds collide, The Devil's Wind steps up to protect Tish and Jiji and Fighter has a decision to make before he loses Tish forever. #MC #alpha #romance #suspense#romanticsuspense #ddgalvani
