A sinfully seductive BWWM novel from Amazon Erotica Bestselling author, Kenya Wright. Mia became my obsession the first night I met her. So irresistibly sweet. So damn sexy. So sinfully tempting. For three months, I've watched her, knowing she was my best friend Tyson's girlfriend. Completely off limits. It would be wrong and inappropriate. But then Mia finds one of Tyson's notebooks and shows it to me. Everything changes. There are dirty secrets on each page, dark fantasies. Wicked confessions. Tyson is not the person we thought he was. Now, there's no need for me to be the good guy and play it loyal. Now, I know the truth. Some people are meant to be together forever, no matter what. And you must go after that possibility for love...no matter what. And then there's some people who are just living nasty, filthy lies. ****Warning**** You should wear a condom while reading this, because this gets filthy. It's dirtier than I usually write. This stand-alone is only suitable for ages 18+. NO CHEATING: Hero and heroine are not involved in any cheating. HEA guaranteed.
