Can two displaced angels save a woman from the clutches of a vicious killer? Julie Crenshaw is offered a news reporter's job on beautiful Vancouver Island and grabs on like a lifeline. But she didn't expect to land in the crosshairs of a serial killer. Connor O'Rourke has seen his share of human depravities during his fourteen years as a homicide detective, but is still sickened by the murderer terrorizing his island shores. And threatening his key witness. As the stakes rise, can two people from different backgrounds get a second chance at love or will a killer become the winner?
