The rumors about me are true. Every last inch of them. Intimidation, robbery, murder...I've done it all, and I'm damn good at what I do. Nobody will come between me and the revenge I worked so hard to get. Not the bastards who are out to kill me first. Not any of the women who wanna tie me down. Nobody. Until I set eyes on her. Callie's trying to start over when she winds up working for me. She wants a new life and the last thing she needs is me in it. But I've never let that stop me before. One taste and I'm addicted. My enemies want to use her to hurt me. F\*\*k that. Anyone who wants to come between us better bring a body bag. She's mine. This is a standalone, full-length mafia romance with a filthy-mouthed, possessive bad boy. Happily ever after guaranteed.
