Important! This is a brief summary of Atul Gawande's "The Checklist Manifesto". This is not the full 200+ page book. This concise summary of Gawande's manifesto will convey everything you need to know about how and why checklists are so effective and how to successfully compose your own checklists. These checklists will improve your level of success in any field or activity you are trying to achieve excellence in. Put yourself head and shoulders above the competition with this simple, intuitive tool. Not convinced that a checklist is sophisticated enough for your particular goal? Gawande presents case studies showing the effectiveness of the checklist in a range of complex environments from surgery to aviation, engineering to emergency response, venture capitalism to disease control. Imagine if you could substantially eradicate your own human fallibility with such a simple tool! By engaging with the simple concepts in this short guide you will be able to devise and implement the checklists that will ensure your peak performance in every area of your life.
