It's a special day in Jungletown! It's Chimp and Zee's birthday, and Mumkey is planning a big party. The mischievous twins are going bananas with excitement. But they're so busy monkeying around, they might be late to their own party! Catherine Anholt's energetic, eye-catching illustrations capture all the thrills of the happy day — presents, games, fun, and frolics — and a huge fold-out birthday surprise supplies a magical ending. The fresh, funny text is perfect for sharing and reading aloud.
