Lei Lawson is back, but this time on UK soil! This short 'spin off' following on from 'The Final Summer of Vodka: The Marmaris Diaries', sees Lei on holiday in the UK. Follow her shenanigans, shopping sprees, home comforts, old friends, old flames, and off course boozy nights out in the run up to starting a new Marmaris diary. What has Lei been up to in the 5 years she has been diary dark? Has life changed for our wannabe socialite? Does Lei end up with more than just a hangover at the end of her holiday? Read on to find out more in this UK based novelette before she heads back home to Turkey.
