"You want to play with our new friend too, don't you?" Adam had it all with Angela at his feet, but he wasn't willing to settle for just one flavor. The power of influence allowed him to dream big, and he was ready to chase that dream. When busty brunette Kelsey enters his world, Adam knows that he has to have her as well. Adam gets right to work, setting up a meeting that will leave Kelsey, Angela, and himself changed forever. But when Kelsey reveals that she's overly sensitive in a certain way, Adam knows he's hit the jackpot again. The question is, can Adam and Angela by themselves leave Kelsey satisfied, in both mind and body? "Take it easy with her, Angel."
