Called to duty in the middle of the night, Jack and Max are forced to leave Emma behind on Outpost 9. Dropped into a hellish war zone of fire and zombies, the two cyborgs are separated when Max volunteers for a dangerous rescue mission. With the help of Emma's friends, Max survives the chaotic hours that follow—and learns a dark secret about Emma's family, a secret that threatens their happiness and the family they're trying to build. When Jack receives orders that will take him far away, Max vows to keep Emma safe while he's gone. Whatever the cost, whatever the risk, he'll protect their mate. But while her men have been away, Emma has garnered the attention of a cyborg scientist who belongs to a shadowy covert operations team. Locked away in an interrogation room, she's told a shocking secret—and faces an impossible decision. To save Jack and Max, she'll have to risk her own life. This time? It's Emma's turn to be brave.
