Emma's Arabian Nights, #1 ***Warning: This book contains sensual BDSM, a hot as hell Alpha male bent on getting his woman, and a Dominatrix who may have just met her match.*** Ryan will never forget that fateful night when he kissed his high school crush, Emma, and lost his heart to her forever. Six years later Ryan finds Emma again, but she's a different woman than the bossy and joyful girl he used to know. She's is now a professional Dominatrix and she makes her living by dominating a very select clientele of submissives at the Kiss of Blue dungeon. When Emma graduated from college with her teaching degree three years ago she had no idea how hard it would be to find work as a teacher at a decent school. To make matters worse, her elderly parents both lost their jobs and their pensions in one fell swoop. Out of options, Emma had no choice but to turn her passion into her profession and go pro-Domme. She enjoys her work and her clients, but cannot allow herself to fall in love. Monogamous by nature, she knows that if her heart belongs to a man she'll no longer be able to work at the dungeon and without a good paying job her parents will soon be home. When Ryan appears in her life she finds herself tempted by the one thing she cannot have- the man of her dreams. Ryan will do anything to make Emma see that he belongs in her life, including being everything that she ever wanted in a submissive, but when he begins their relationship with a lie he may never win another night with his reluctant Dominatrix.
