After Stuart died I did not know what to do with my life and it seemed like every choice I was making was the wrong one. With almost everyone falling out with me I decided I needed to get away. So where best to go, than back to Belfast. I know this place really doesn't hold any good memories for me really but my mother was moving back and it seemed like a good idea at the time. I am fortunate enough to meet up with old friends from my childhood and find myself making new friends who take my life in a different direction. I also fall out with a lot of people that I used to hold dear to me due to my book but there is a happy ending and I am excited to share this new chapter with you all. Sarah xoxo
