Have you ever heard about the Secret Oculist Society Conspiracy? They used to be some very dangerous minds. Based on some recently decrypted documents, there appears to be an ultra secretive group of highly enlightened magi who've remained virtually hidden for hundreds of years by using secret very difficult ciphers and cryptograms to conceal their mysteries and even their very existence. So it's no shock that very, very few people have heard about this obscure but very powerful group of Oculists. The big secrets that all these Occult organizations hide are universal natural principles of our existence and natural laws. It is easy to get confused as hell and wonder about this symbol or that word but just as with Alchemy, the prize is Consciousness. The many Occult groups (Represented by the all seeing eye/consciousness) have different opinions about who to fully initiate and many try to keep the knowledge to a few so that few can have greater power in influencing and controlling the quantum field and society as a whole. Is it possible that all of these secret societies have always been/are competing between themselves - like intellectual rival mafia families?.. Freemasons, Bonesmen, Oculists ..
