Within the last few decades, the design of public spaces in both urban and rural areas has undergone important transformations. Factors such as technological, cultural, and social changes have all played a role in this shift. Now, both newly developed areas and regenerated urban centers challenge landscaping to go further than it has gone before. This book, organized into five geographical zones, gathers the best and most recent projects from around the world. Browse these pages to discover the ultimate in contemporary landscape design. ? An in-depth reference for practising professionals, academics and all those who care about our public spaces ? A worldwide overview provides a multitude of landscape design solutions for many different types of public spaces
